

# Flooding the Prairies with Canadian music

In February of 2011 the CMC Prairie Region began a campaign with the vision to share the music of Canadian composers with people right across the Prairies. The program, "Flood the Prairies with Canadian Music" is designed to allow

people to give the gift of Canadian music in their community.

A donation of just \$200 will allow the CMC Prairie Region to donate 50 CDs of contemporary classical Canadian music, in the donor's name, to the library or school of their choice in the Prairies. The CDs feature composers and ensembles from across Canada, recorded on the Centrediscs label, and will include all eight discs on the CMC Prairie Region's Prairie Sounds Imprint label. Because we love our Prairie composers and want everyone to be able to enjoy their work, we are incredibly excited about this new initiative.

**To make your donation email [prairie@musiccentre.ca](mailto:prairie@musiccentre.ca) today or donate online at: <https://dues.musiccentre.ca/node/25> (Don't forget to include the name and address of institution where you would like the CDs to be sent in the comments on the payment screen).**

To date, donations of Canadian music CDs have been made to: The Calgary Public Library, the Pincher Creek Public Library, Our Lady of Assumption School and the University of Calgary.
